

Mesh Zippered Tote Bag

WATER WARM-UPS SIZING INFORMATION:

How to Measure:

Bust — Measure under arms & around the fullest part of bust.

Remember — *your bra size is not your chest measurement!*

Waist — Measure around natural waistline.

High hips for Jackets — Measure 3 to 4 inches below waist.

Low hips for Pants and Unisuits — Measure the fullest part of hips.

MEASURE CAREFULLY FOR A SNUG FIT. THEY LOOSEN UP IN H2O!

SIZE	1	2	3	4	5	6	7	8	9

NEW SIZING We've changed the way we label our sizes. The numbers 1 through 9 in the first row represent sizes XS through 5X. i.e., if you've ordered a size XL from us in the past, your "new" size is a size 5.

Flotation Belts

Water Buoys

Neoprene Gloves

• UV Clothing for Sun Protection & Warmth

- Aqua Work Out Shoes
- Aqua Fitness Equipment

"Water Warm-Ups" must fit snug or water will get into the garments, not allowing them to keep you warm. The **"Super SunSafe"** should not fit tight as their UPV (Ultraviolet radiation) can be lessened when stretched and fitted too tight against the skin.

CARE INSTRUCTIONS:

After each use in chlorinated, fresh or salt water:

- Hand wash (*cold water*) or use gentle cycle of washer and set to soak for about ten minutes preferably with a chemical detoxification product such as ***Malibu "C" Crystals**.
- Hang or lay flat out of direct sun — Do not put articles in your dryer.
- Avoid sitting or leaning on pool coping and decks. Rough surfaces may damage fiber.
- Store or pack garments dry to avoid mildew.

We do not recommend wearing "Water Warm-Ups" in highly heated water such as Jacuzzis. When maintained in good condition, the SPF/UV rating will remain 50SPF (the highest rating).

*** Malibu "C" Crystals are economical since you use only 1/2 a tsp per gallon, much less than detoxification liquids. Malibu "C" Crystals are great for preserving ALL of your items exposed to chemicals.**
